

ECS needs *your* help to meet the needs in our community!

Episcopal Community Services (ECS) works to end poverty through holistic, one-on-one support of individuals and families in housing stability, creating community and job readiness.

ECS will be participating in the East Metro Mission Gathering on January 28th. We are hoping your parish will help us collect the following supplies during the month of January and bring your collection to the meeting.

Create a birthday party in a bag!

Many parents participating in ECS programs cannot afford to buy the supplies to throw their child a birthday party. You can make a child's birthday truly special by collecting the following fun items to create a party kit in a birthday-themed gift bag:

- Cake mix
- Frosting
- Candles
- Streamers
- Balloons
- Disposable Cameras
- Unsigned birthday cards
- Goodie bags
- Candy
- Party favors

Thanks for your participation!
